Balancing Reading and Language Learning: A Resource for Teaching English Language Learners, K-5

By Mary Cappellini

Stenhouse Publishers. Paperback. Book Condition: new. BRAND NEW, Balancing Reading and Language Learning: A Resource for Teaching English Language Learners, K-5, Mary Cappellini, Teaching reading to children in a language that is not their own is a daunting task. Combining the best classroom practices and research on teaching reading and language acquisition, Mary Cappellini integrates effective reading instruction with effective language instruction. Through the framework of a balanced reading program, she emphasizes the importance of constantly listening for and assessing children's language and reading strategies during read aloud, shared reading, guided reading, and independent reading, including literature circles. Mary plans and demonstrates whole-class, small-group, and individual reading instruction using a model of "reading to, with, and by children" with fiction and nonfiction texts. She works in the primary and upper grades with children at all stages of English language development and at all developmental reading levels. With on-going assessments based on those interactions, she shows how to plan for more effective instruction. Mary constantly questions and discusses whether the child needs more support in language development or in developing reading strategies, breaking down assumptions that equate a low level of English proficiency with a lack of reading strategies, or English language...

Reviews

It is one of the most popular ebook. It usually fails to price an excessive amount of. It has been printed in an extremely basic way in fact it is merely right after I finished reading through this book in which really altered me, change the way I believe.
